

Convert to Briteparts Today!

Corporate Jet Support's exclusive **Briteparts** program will cover your aircraft's AC electrical system components on all AC powered GIII, GIV and GIVSPs. This is designed to provide our customers with the peace of mind needed to always *"Make the Trip."* In addition, the program is backed by Honeywell and other Gulfstream approved vendors with whom we have long standing relationships.

Benefits of the Briteparts Program:

- Fixed price based on hourly usage
- Free loaners for items covered by the program
- Free tooling to troubleshoot suspect components
- Completely transferrable
- Eliminates cost of unscheduled major component failure

Parts Covered:

- | | |
|-----------------------|------------------------|
| AC Converters | EPMP Panel |
| 3 Alternators | Transformer Rectifier |
| AC & DC BPCUs | Remote Power Supply |
| Power distributor Box | Converter Fan Assembly |

For a small one time buy-in fee and fixed payments based on flight hours, see how this innovative program can reduce your bottom line. For added convenience, Corporate Jet Support can competitively provide you with immediate support for many of your Honeywell product requirements. Please contact us for more details!

We maintain additional inventory locations in Basel, Switzerland and Van Nuys, California to best serve our customers worldwide
